

NN, Inc. to Exhibit at OMTEC 2018

June 5, 2018

CHARLOTTE, N.C., June 5, 2018 /PRNewswire/ -- NN, Inc., (Nasdaq: NNBR) ("NN" or "the Company") a diversified industrial company, today announced that its NN Life Sciences group will exhibit at the Orthopaedic Manufacturing and Technology Expo and Conference (OMTEC) June 12-14 in Chicago. This year's conference will mark the first joint appearance by NN Life Sciences and the Company's recently acquired Paragon Medical. OMTEC is a recognized international conference that facilitates dialogue and partnerships among suppliers, service providers and orthopaedic OEM professionals.

Robbie Atkinson, Executive Vice President and General Manager of NN Life Sciences, commented, "OMTEC is a hallmark event for us each year, and we are particularly excited about this year since it is our first appearance together with Paragon Medical. As one of the largest suppliers in orthopaedics, we look forward to showcasing our combined strengths as we continue to expand on the value we deliver to the orthopaedic OEM industry worldwide."

NN Life Sciences, a business group of NN, designs and manufactures implants, surgical instrumentation, single-use disposable devices, and assemblies on a global basis. With a focus on innovation, NN Life Sciences applies its world-class quality to the Arthroscopy, Drug Delivery, Diagnostics, Endoscopy, Laparoscopy, Orthopaedics, Sports Medicine and Trauma markets. Beginning with its customer's design, NN Life Sciences offers a single-source solution by streamlining the supply chain and managing the manufacturing process from product design to customer distribution location.

NN, Inc., a diversified industrial company combines advanced engineering and production capabilities with in-depth materials science expertise to design and manufacture high-precision components and assemblies for a variety of markets on a global basis. Headquartered in Charlotte, North Carolina, NN has 51 facilities in North America, Western Europe, Eastern Europe, South America and China.

Except for specific historical information, many of the matters discussed in this press release may express or imply projections of revenues or expenditures, statements of plans and objectives or future operations or statements of future economic performance. These, and similar statements, are forward-looking statements concerning matters that involve risks, uncertainties and other factors which may cause the actual performance of NN, Inc. (the "Company") and its subsidiaries to differ materially from those expressed or implied by this discussion. All forward-looking information is provided by the Company pursuant to the safe harbor established under the Private Securities Litigation Reform Act of 1995 and should be evaluated in the context of these factors. Forward-looking statements generally can be identified by the use of forward-looking terminology such as "assumptions", "target", "guidance", "outlook", "plans", "projection", "may", "will", "would", "expect", "intend", "estimate", "anticipate", "believe", "potential" or "continue" (or the negative or other derivatives of each of these terms) or similar terminology. Factors which could materially affect actual results include, but are not limited to: general economic conditions and economic conditions in the industrial sector, inventory levels, regulatory compliance costs and the Company's ability to manage these costs, start-up costs for new operations, debt reduction, competitive influences, risks that current customers will commence or increase captive production, risks of capacity underutilization, quality issues, availability and price of raw materials, currency and other risks associated with international trade, the Company's dependence on certain major customers, and the successful implementation of the global growth plan including development of new products. Similarly, statements made herein and elsewhere regarding pending and completed transactions are also forward-looking statements, including statements relating to the future performance and prospects of an acquired business, the expected benefits of an acquisition on the Company's future business and operations and the ability of the Company to successfully integrate recently acquired businesses or the possibility that the Company will be unable to execute on the intended redeployment of proceeds from a divestiture, whether due to a lack of favorable investment opportunities or otherwise.

For additional information concerning such risk factors and cautionary statements, please see the section titled "Risk Factors" in the Company's periodic reports filed with the Securities and Exchange Commission, including, but not limited to, the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2017. Except as required by law, the Company undertakes no obligation to update or revise any forward-looking statements made in this press release, whether as a result of new information, future events or otherwise.
