## Part III - Narrative

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

NN, Inc. (the "Company"), without unreasonable effort or expense, is unable to file its Annual Report on Form 10-K (the "Form 10-K") for the period ended December 31, 2008 by the prescribed filing due date because of the complexity of determining the amount of certain impairments related to goodwill, indefinite-lived intangible assets, and other long-lived assets. Additional time is needed to account for and review these impairments, in part, due to the magnitude and the number of impairments. These reviews and analyses relate to the current economic condition in global industrial markets and the deterioration in the credit and capital markets, leading the Company to evaluate and test its goodwill and other assets for impairment. The Company expects to file its Form 10-K on or before March 31, 2009, the fifteenth calendar day following the prescribed due date.

On March 13, 2009, management, following discussions with the Audit Committee of the Company's Board of Directors, concluded that the Company will record charges related to SFAS 142 and 144 impairment testing of goodwill, indefinite-lived intangible assets, and other long-lived assets. Management reached these conclusions in connection with the preparation of the audited financial statements for the fiscal year ended December 31, 2008. Management is currently completing the valuations required to determine the extent of the impairment charges to be recorded as of December 31, 2008. The Company expects that the total amount of the pre-tax impairment charges to be recorded will range between \$38.4 million to \$47.3 million for the fourth quarter of 2008. The Company does not anticipate any future cash expenditures in connection with these impairments charges.

2. Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed?

Yes  No

If answer is no, identify report(s).

3. Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes  No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

For the three months ended December 31, 2008 (the “2008 Fourth Quarter”), revenues were \$76.2 million compared to \$107.0 million in the fourth quarter of 2007; and for the year ended December 31, 2008 (the “2008 Fiscal Year”), revenues were \$424.8 million compared to \$421.3 million for the year ended December 31, 2007.

As described above in Part III—Narrative, the Company expects to record impairment charges related to SFAS 142 and 144 impairment tests ranging between \$38.4 million pre-tax (\$24.4 million after-tax) and \$47.3 million pre-tax (\$33.3 million after-tax) for the 2008 fourth quarter and for the 2008 fiscal year. In addition to these impairment charges, the Company also expects to record charges for the closure of its Ireland plant, accelerated depreciation on certain fixed assets and tax adjustments totaling \$7.2 million pre-tax (\$7.8 million after-tax). Inclusive of these impairment and other charges, the Company expects to record a net loss ranging between approximately \$34.8 million to \$43.7 million for the 2008 Fourth Quarter compared with net income of \$5.0 million for the 2007 Fourth Quarter. For the 2008 Fiscal Year, the Company expects to report a net loss ranging between approximately \$17.6 million and \$26.5 million compared with a net loss of \$1.2 million for the comparable 2007 year (which included \$13.6 million of after-tax impairment charges primarily for the restructuring of the Company's European operations). The foregoing results are management's estimates and are subject to change.

The Company has determined that the range of expected financial results met all covenant requirements of the Company's various credit agreements and that no event of default existed as of December 31, 2008 nor would an event of default exist as of the date hereof under such credit agreements. On Monday, March 16, 2009, the Company announced that it has amended and restated its credit agreements to provide added flexibility during the current weak economic environment. The Company is in compliance with all amended covenants as of the date hereof, and had such amended covenants been in place at December 31, 2008, the Company would have been in compliance with all covenants at that time as well.

Certain statements contained in this Form 12b-25 are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These statements can be identified by the use of words such as “expects,” “believes,” “anticipates,” “plans,” “intends,” “foresees,” “should,” “would,” “could” or other similar expressions, and include statements regarding the Company's expectations regarding the completion of and the timing of the filing of the Form 10-K and the results of operations to be reported, including the amounts and ranges of the various impairment charges.
