Forward Looking Statements

This presentation may contain forward-looking statements regarding our business, operations, and financial performance. Such statements are based on current expectations and assumptions that are subject to a number of risks and uncertainties. Actual results could differ materially. Please refer to our most recently filed Form 10-K and our Form 10-Q for the period following that Form 10-K, including the risk factors described therein. We undertake no obligation to update any forward-looking statement, except as required by law. Given these risks and uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements.

We present both GAAP and non-GAAP financial measures in this presentation. A reconciliation of non-GAAP to GAAP measures is included in this presentation and in the most recent earnings press release, which is distributed and available to the public through our Investor Relations website located at investors.nninc.com/news-events/presentations.

$124 Million Preferred Stock Refinancing Announced Today

$124M Preferred Stock Refinanced in Negotiated Transaction

Transaction materially de-leverages NN, reduces interest

- $89M payoff - $70M cash payoff from PIPE transaction, $19M through equitization to common stock
- ~$35M remaining preferred stock has 10% PIK interest rate for one year, and a $5M discount if refinanced by 12/31/26

Leverage (debt + preferred equity) materially reduced

- Annual PIK interest reduced by ~$13M – targeting further interest reduction

Term Loan unaffected but outlook for rate reduction materially improved

- No impact to existing credit facility – but will have multiple options for future refinancing of term loan

Enables acceleration of 5 Pillar Growth Program – organically and M&A bolt-ons

5 Pillar Growth Architecture

1. **Data Center and Electric Grid**
   - Fast-growing market and business, demanding applications for many NN products, recent liquid cooling new products

2. **Defense and Electronics**
   - Many robust weapon and electronics applications, many products, growing business, recent Tier 1 new products

3. **Medical Equipment**
   - Growth market but conservative; building business carefully, recent marquee customer awards

4. **High-Value Vehicle Parts**
   - Curated product portfolio of demanding applications that require exceptionally precise parts, NN technology curve

5. **High-Value Stampings**
   - Broad portfolio of precision parts, especially Smart Home applications like smoke detectors, alarm systems, switches

Data Center and Electric Grid - Business Highlights

Data Center and Electric Grid products are growing

- **~$80 Million TTM Q2 Net Sales** at accretive margins – near-term goal of $120 Million, multiple large opportunities being evaluated
- NN's 2nd largest market, many components & assemblies across transformers, electrical disconnects, circuit breakers, smart meters and most recently – liquid cooling connectors

Recent News – Entry into Liquid cooling connector market for AI Data Center Racks

- Large and growing market, NN focused upon establishing supply chain positions across multiple platforms and customers
- Leveraging NN's fluid management know-how and existing manufacturing footprint, many ramp-ups underway for 2nd Half

Secured significant 2026 new awards for AI Data Center racks during 2026

- $15 Million of new awards in 2026 YTD, in ramp-up mode through year-end, prospecting opportunities are approaching $100 million
- Already procuring and installing significant dedicated new capacity – 50 new CNC machine centers in NN's Wuxi plant for Southeast Asia AI Data Center supply chains
- Evaluating next steps for large-scale capacity increases – likely to build another plant in China

Defense & Electronics - Business Highlights

Developing Strong, Fast-Growing Business in Defense & Electronics

- **~$60 Million TTM Q2 Net Sales** at accretive margins – near-term goal of $90 Million
- NN supplies many critical components for weapons, guidance systems, evaluating anti-drone munitions

Non-GAAP Financial Measures Footnotes

This presentation contains certain financial measures not presented in accordance with U.S. generally accepted accounting principles ("GAAP"), including adjusted gross margin, adjusted gross margin %, adjusted income from operations, adjusted EBITDA, adjusted EBITDA margin % (collectively, the "non-GAAP financial measures"). These non-GAAP financial measures are not calculated in accordance with GAAP and should not be considered in isolation from, or as a substitute for, the most directly comparable GAAP measures, and may not be comparable to similarly titled measures used by other companies. Management uses these non-GAAP financial measures, together with the comparable GAAP measures, to evaluate the Company's operating performance and underlying business trends across periods on a consistent basis, and to assist in operational and financial decision-making, including with respect to internal budgeting and resource allocation. Reconciliations of each non-GAAP financial measure to its most directly comparable GAAP measure are set forth in the tables accompanying this presentation.
