PROXY STATEMENT

FOR

2001 ANNUAL MEETING OF STOCKHOLDERS

Proxies are being solicited by the Board of Directors of NN, Inc. (the "Company"), in connection with the annual meeting of stockholders to be held on May 17, 2001 at the Savannah Marriott Riverfront Hotel, 100 General McIntosh Blvd., Savannah, Georgia, 31401 (the "Annual Meeting"), for the purpose of considering and acting upon the matters set forth in the foregoing Notice of Annual Meeting of Stockholders (the "Notice"). Stockholders of record of the Company's common stock, par value \$.01 per share ("Common Stock"), as of the close of business on March 23, 2001, will be entitled to vote at the meeting. On March 23, 2001 (the "Record Date"), 15,246,909 shares of Common Stock were issued and outstanding.

The entire cost of the proxy solicitation is being paid by the Company. In addition to solicitation by mail, officers and employees of the Company, without additional remuneration, may solicit proxies by telephone, facsimile transmission or personal contact. Brokerage houses, banks, nominees, fiduciaries and other custodians will be requested to forward soliciting material to the beneficial owners of shares held by them of record and will be reimbursed by the Company for their expenses in so doing.

The mailing address of the Company's executive office is 2000 Waters Edge Drive, Johnson City, Tennessee 37604. This Proxy Statement and the form of proxy will be mailed to stockholders on or about April 12, 2001.

Voting; Quorum; Proxies

Each share of Common Stock outstanding on the Record Date is entitled to one vote on each matter submitted to a vote of stockholders at the Annual Meeting. A quorum for the conduct of business is established when the holders of at least a majority of the outstanding shares of Common Stock entitled to vote in the election of directors are present at the meeting or are represented by proxy. Representatives of the Company will serve as inspectors of election for the Annual Meeting.

Shares represented by a properly executed proxy will be voted at the Annual Meeting in the manner specified. In the absence of specific instructions, shares represented by a properly executed proxy will be voted for approval of an amendment to the Company's Certificate of Incorporation, for each of the nominees for election to the Board of Directors named herein and for the proposal to ratify the selection of KPMG LLP to serve as the Company's independent auditor for 2001.

The Board of Directors does not now intend to bring before the Annual Meeting any matters other than those disclosed in the Notice, and it is not aware of any business that any other persons intend to bring before the Annual Meeting. Should any such matter requiring a vote of the stockholders arise, the enclosed form of proxy confers upon the persons named therein the discretionary authority to vote the shares represented by the proxy as they deem appropriate.

A proxy may be revoked at any time before it is exercised by delivery to the Secretary of the Company of a written revocation or a subsequently dated proxy and will be deemed revoked if the stockholder votes in person at the Annual Meeting.

Voting Rights and Outstanding Shares

Approval of Proposals II and III requires the affirmative vote of a majority of the shares of Common Stock represented in person or by proxy at the meeting. Broker non-votes (i.e., shares present by proxy but for which no voting authority has been given by the beneficial holder) will affect the vote on the proposals in that they will be treated as a "no" vote and abstentions (shares not voted by a stockholder present at the Annual Meeting) will be treated as "no" votes. Because directors are elected by a plurality of the votes cast, abstentions and broker non-votes will not affect the outcome of the election of directors.

Wellington Management Company, LLP, holds all such shares on behalf of its clients and disclaims any economic interest in the shares.

Section 16(a) Beneficial Ownership Reporting Compliance

Under Section 16(a) of the Securities Exchange Act of 1934, as amended, each of the Company's directors and executive officers, and any beneficial owner of more than 10% of the Common Stock, is required to file with the Securities and Exchange Commission (the "SEC") initial reports of beneficial ownership of the Common Stock and reports of changes in beneficial ownership of the Common Stock. Such persons also are required by SEC regulations to furnish the Company with copies of all such reports.

Based solely on its review of the copies of such reports furnished to the Company for the year ended December 31, 2000, and on the written representations made by such persons that no other reports were required, the Company is not aware of any instance of noncompliance with Section 16(a) by its directors, executive officers or owners of more than 10% of the Common Stock.

PROPOSAL I ELECTION OF DIRECTORS

The Company's Certificate of Incorporation provides for the division of the Board of Directors into three classes: Class I, Class II and Class III. Only one class of directors is elected at each annual meeting. Each director so elected serves for a three-year term and until his or her successor is elected and qualified, subject to such director's earlier death, resignation or removal.

Nominees

Two Class I directors will be elected to the Board of Directors at the Annual Meeting. The Company has nominated for election Michael D. Huff and Michael E. Werner, each of whom currently is a director. Each of the nominees has indicated a willingness to continue to serve as a director if elected, but if either of them shall decline or be unable to serve, the persons named as proxies intend to vote all shares in favor of the election of such other person who may be nominated as a replacement by the Board of Directors. If no such other person is nominated as a replacement, the Board of Directors will reduce the number of directors to be elected at the Annual Meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH OF THE NOMINEES.

PROPOSAL II AMEND THE COMPANY'S STOCK INCENTIVE PLAN.

The Company is submitting to a vote of the stockholders an amendment to the Company's Stock Incentive Plan (the "Plan") to increase the number of shares from 1,625,000 to 2,450,000.

The Plan was adopted in connection with the Company's initial public offering in 1994. The Plan has a ten-year term. Under the Plan, the Company may grant various awards (including incentive stock options, nonqualified stock options, stock appreciation rights, limited stock appreciation rights, restricted shares, and other stock-based awards) to officers and key employees of the Company. Currently, there are approximately 50 employees eligible to participate in the Plan. The Plan is administered by a committee appointed by the Board (the "Committee"). The Committee has authority, among other things, to determine who will receive a grant and the amount of an award under the Plan.

II. Options

No option granted under the Plan may have a term of greater than ten years from the date of grant and the option price per share may not be less than the fair market value of a share of the Company's Common Stock on the date of grant. If the grantee's service for the Company is terminated for any reason other than retirement, disability or death, options vested on the date of termination may only be exercised within three months of termination. A grantee whose service terminates because of retirement or disability has only 12 months from the date of termination to exercise his or her vested options. If the grantee's service for the Company is terminated because of death, or if the grantee dies after termination but while an option is exercisable, options held on the date of death are exercisable only within 24 months of the death. An option granted under the Plan may be either (i) an incentive stock option that complies with Section 422(b) of the Internal Revenue Code (an "Incentive Stock Option") or (ii) a nonqualified stock option, which term encompasses any stock option that does not qualify as an Incentive Stock Option (a "Nonqualified Stock Option").

III. Stock Appreciation Rights

The Company may also award stock appreciation rights ("SARs") under the Plan. An SAR may be issued in tandem with a stock option, or it may be issued independent of a stock option. An SAR entitles the holder to receive upon exercise cash in an amount equal to the difference between the market price of a share of Common Stock and the exercise price of the SAR. The Committee may impose a prohibition on the exercise of SARs for such periods as it may determine is in the best interest of the Company. The right of a grantee to exercise a tandem SAR shall be canceled if the shares subject to the SAR are purchased upon the exercise of the related option. A grantee's rights upon termination of service with regard to SARs are the same as a grantee's rights with regard to stock options under the Plan.

IV. Restricted Shares

The Company may award restricted shares under the Plan. The Committee may determine the terms and conditions of each grant of restricted shares. To the extent required by law, the purchase price of a restricted share shall not be less than the par value per share of the Company's Common Stock on the date of grant. A grantee of a restricted share will have beneficial ownership of the shares, including the right to receive dividends and the right to vote. Restricted shares may not be transferred until the restrictions imposed by the Committee lapse or are removed. A grantee's rights to restricted shares terminates on his termination of employment with the Company, except as determined by the Committee.

V. Other Awards

The Company may grant other awards that are based on or related to the Company's Common Stock. Such awards may include phantom shares, performance units, or performance bonus awards.

VI. Tax Consequences of Options

In general, a grantee of a Nonqualified Stock Option or an Incentive Stock Option will not recognize income on the grant of that option. When a grantee exercises a Nonqualified Stock Option and pays the purchase price of the shares, the grantee generally will recognize ordinary income (or loss) equal to the excess (or shortfall) of the fair market value of the stock on the exercise date over the purchase price of the stock. A grantee generally will not recognize income for purposes of regular federal income tax liability when he or she exercises an Incentive Stock Option, unless the employee makes a "disqualifying disposition" of the Incentive Stock Option shares.

The Company generally will be entitled to a tax deduction in an amount equal to the ordinary income that a grantee recognizes under an option, provided that the amount qualifies as an ordinary and necessary business expense. The Company also will be entitled to a deduction in the amount of ordinary income that the grantee recognizes when he or she makes a so-called "disqualifying disposition" of Incentive Stock Option shares. The

Company ordinarily will not be entitled to a deduction when it grants an option, or when the grantee exercises an Incentive Stock Option.

VII. Reasons for the Amendment

When the Plan was adopted, it provided for the issuance of up to 500,000 shares of the Company's Common Stock. As a result of two 3-for-2 stock splits, this number was increased to 1,125,000 shares. Subsequently, in May 1999, shareholders approved an amendment to increase the number of shares to 1,625,000. The only awards that have been made under the Plan have consisted of Nonqualified Stock Options. Through the date of this proxy statement, approximately 1,608,000 shares have been issued or reserved for issuance upon the exercise of stock options granted under the Plan. Accordingly, only approximately 17,000 shares remain available for future awards. On February 22, 2001, the Board of Directors of the Company approved, subject to stockholder approval, an amendment to increase the number of shares of Common Stock authorized for issuance under the Stock Incentive Plan from 1,625,000 to 2,450,000. The fair market value of a share of the Company's Common Stock on March 23, 2001 was \$7.1875.

The amendment has been proposed to assure that the Company has sufficient shares available under the Stock Incentive Plan to provide proper inducements to encourage grantees to either serve or remain employed with the Company, perform in a superior manner, and to share in the future success of the Company's business. Additionally, over the last two years, the number of employees eligible for stock option awards has increased due to the Company's acquisition and joint venture activity. No awards have been made with respect to the shares of Common Stock that are subject to the proposed amendment. Because all awards under the Plan are subject to the discretion of the Committee, any future awards are not determinable at this time.

Approval of the amendment requires the affirmative vote of the holders of a majority of the outstanding shares of Common Stock that are present in person or represented by proxy and entitled to vote at a meeting.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL

PROPOSAL III RATIFICATION OF SELECTION OF AUDITORS

The firm of KPMG LLP has been selected by the Board of Directors as the Company's outside auditors for 2001. On November 27, 2000, the Company retained the services of KPMG LLP as its principle accountant to audit the Company's consolidated financial statements, replacing PricewaterhouseCoopers LLP. The decision to retain KPMG was based upon a reevaluation by the Company of its current professional relationships and was approved by the Company's Board of Directors at the recommendation of the Company's Audit Committee. Although it is not required to do so, the Board has determined that it is desirable to seek stockholders' ratification of the selection of KPMG LLP.

During the Company's two most recent fiscal years and through November 27, 2000, there have been no disagreements with PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure. PricewaterhouseCoopers LLP reports on the financial statements of the Company for the past two years contained no adverse opinion or disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles.

At the Company's request, PricewaterhouseCoopers LLP furnished it with a letter addressed to the SEC stating that PricewaterhouseCoopers LLP agrees with the above statements. A copy of this letter was filed as Exhibit 16 to Form 8-K filed with the SEC on December 4, 2000.

A representative of KPMG LLP is expected to be present at the Annual Meeting and will have an opportunity to make a statement, if he or she so desires, and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.

SUBMISSION OF STOCKHOLDER PROPOSALS

Any stockholder proposal intended to be presented at next year's Annual Meeting must be received by the Company at its executive offices not later than December 14, 2001 in order to be considered for inclusion in the Company's proxy statement and form of proxy for such meeting. All notices should be sent to NN, Inc., Attention: Secretary, 2000 Waters Edge Drive, Johnson City, Tennessee 37604. If the proposal is received by the Company 45 days or fewer prior to the anniversary of the mailing date of this proxy statement, the persons named as proxy in the Company's 2001 proxy materials will have the discretionary authority to vote on the proposal in accordance with their best judgment without disclosure in this proxy statement of how they intend to vote on the proposal.

During the latter part of 1999, Werner Gershon Associates worked with the Company to study their markets and competitors, and defining new business opportunities. The result of this work was a long-range business plan for IMC. The Company paid Werner Gershon Associates approximately \$114,115 for its services in 2000.

James L. Earsley, past Chairman of Industrial Molding Corporation, was elected to the Board of Directors effective August of 1999. Although no longer involved in the day-to-day business of IMC, Mr. Earsley was retained by the Company in a non-employee consulting role to Industrial Molding Corporation and is involved with strategic development. Mr. Earsley was paid approximately \$54,950 for his services in 2000.

The Company and the persons who were stockholders of the Company prior to its initial public offering are parties to an agreement which provides that, so long as the Ennen family continues to hold at least 10 percent of the Common Stock, in the event that Mr. Ennen for any reason ceases to serve as a director of the Company, such individuals will vote their shares of Common Stock in favor of a director nominee who is designated by the Ennen family. To the Company's knowledge, as of March 23, 2001, members of the Ennen family held, in the aggregate, approximately 20.0 percent of the outstanding shares of Common Stock, and the other parties to the Agreement held, in the aggregate, approximately 7.0 percent of the outstanding shares of Common Stock.

Directors who are employees of the Company do not receive any compensation for their service as directors. Directors may elect to defer some or all of the compensation they are provided by the Company. In addition, each Director who is not an employee of the Company received 3,000 stock options on October 10, 2000. The exercise price of the options was \$7.63 per share, which was the closing price of the stock on Nasdaq on the date the option was granted. The term of the options is ten years from the date of grant. These options become fully vested on October 10, 2001. In the event of termination of service due to death or disability, the options become fully vested. The options have various vesting periods, ranging from one to three years, and the options terminate ten years from the date of grant, subject to earlier termination in certain conditions. The exercisability of the options is accelerated in the event of a change of control (as defined in the option agreements).

(2) The amounts shown as potential realizable values are based on assumed annualized rates of appreciation in the price of Common Stock of five percent and ten percent over the term of the options, as set forth in the rules of the Securities and Exchange Commission. Actual gains, if any, on stock option exercises are dependent upon the future performance of the Common Stock. There can be no assurance that the potential realizable values reflected in this table will be achieved.

BOARD OF DIRECTOR'S AUDIT COMMITTEE
REPORT TO SHAREHOLDERS

In accordance with its written charter adopted by the Board of Directors, the Audit Committee assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company. Management has responsibility for preparation of the Company's financial statements and the independent auditors have responsibility for the examination of those statements. Each of the members of the Audit Committee meets the independence requirements of the NASDAQ Stock Market.

The Audit Committee has reviewed and discussed with the Company's management and KPMG LLP, the Company's independent auditor, the audited financial statements of the Company for 2000; has discussed with

KPMG LLP matters required to be discussed by Statement on Auditing Standards No. 61; has received from the independent auditors the written disclosures and letter required by Independence Standards No. 1; and has discussed with the independent auditor the auditor's independence, including whether KPMG LLP's provision of non-audit services to the Company was compatible with maintaining KPMG LLP's independence. Based on the review and discussions described above, the Audit Committee recommended to the Company's Board of Directors that the financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2000 for filing with the Securities and Exchange Commission.

On June 5, 2000, the Audit Committee presented to the Board, and the Board adopted, a written charter for the Audit Committee. A copy of the Company's current Audit Committee charter is attached to this Proxy Statement as Exhibit A.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors is responsible for the oversight of the Company's compensation policies. The membership of the Compensation Committee during 2000 consisted of G. Ronald Morris, Michael E. Werner, Steven T. Warshaw and James L. Earsley. The report of the Committee on executive officer compensation for 2000 is set forth below.

Compensation Principles

The goal of the Company is to structure its compensation arrangements for executive officers in a manner that will promote the Company's profitability and enhance stockholder value. In designing its compensation arrangements to achieve this goal, the Company is guided by the following objectives:

- o attracting and retaining qualified and dedicated executives who are essential to the long-term success of the Company;
- o providing compensation packages that are competitive with the compensation arrangements offered by comparable companies, including the Company's competitors;
- o tying a significant portion of an executive officer's compensation to the Company's and the individual's performance; and
- o directly aligning the interests of management with the interests of the stockholders through stock-based compensation arrangements.

In 2000, the components of the Company's executive compensation arrangements consisted of salary, cash bonuses and stock option awards pursuant to the Stock Incentive Plan.

Executive Officer Compensation

As a general matter, the Company believes that the interests of the Company and its stockholders are best served by maintaining a flexible approach to executive compensation. In this regard, the Company tends to rely on subjective criteria rather than a preestablished formula. The Committee currently is considering, however, the implementation of a more formal compensation structure whereby, for example, specific salary ranges would be prescribed for particular positions within the Company and bonus awards would be tied to preestablished criteria.

In 2000, the Compensation Committee requested that Mr. Ennen, the Chairman of the Company, and Mr. Baty, the Chief Executive Officer of the Company, make recommendations as to the appropriate salary and number of stock options, if any, to be granted to each of the Company's executive officers. The Compensation Committee, following due consideration, adopted substantially all such recommendations. The Committee delegated authority to Mr. Baty to set the annual bonus amounts for each of the executive officers of the Company, other than Mr. Ennen and himself, without further formal approval by the Committee.

Salary. The salary level for the Company's executive officers generally is determined biannually. A base salary level is established for each executive officer by reference to salaries historically paid by the Company to its executive officers and to salaries paid to executive officers holding comparable positions with comparable companies in the Company's geographic region. From time to time the Company also consults published reports that compile salary and bonus information for small-to-medium sized companies (some but not all of which may be companies that comprise the Value Line Machinery Industry Stock Index the performance of which are presented in the "Stock Performance Graph"). The Company typically targets its base salary levels approximately at the midpoint of the competitive salary range. The target levels are then adjusted based on a number of subjective factors, including the executive's scope of responsibility and individual performance, and to maintain equity within the Company's overall salary structure.

Annual Bonus. Decisions regarding bonuses to executives are made annually. As with the Company's other compensation practices, the receipt of a bonus is dependent, for the most part, upon a subjective evaluation of corporate performance and of the contribution of the particular individual to the attainment of such performance.

The bonuses paid to the named executive officers for 2000 are set forth in the Summary Compensation Table. The most significant considerations underlying the award of bonuses for 2000 were continued improvement in the quality of the Company's products and services and the Company's continued profitability.

Stock Incentive Plan. Prior to its initial public offering in 1994, the Company adopted the Stock Incentive Plan under which 1,125,000 shares of the Company's Common Stock have been reserved for issuance to executive officers and other key employees, as determined by the Compensation Committee. The Stock Incentive Plan was amended at the 1999 Annual Meeting by an affirmative vote of the holders of a majority of the outstanding shares of the Common Stock to increase the number of shares available for issuance pursuant to awards made under the plan from 1,125,000 to 1,625,000. The Company awarded options to purchase, in the aggregate, 555,750 shares of Common Stock to six of its executive officers and other key employees during 2000. With respect to the options awarded, the Committee determined, on a subjective basis, and based upon the recommendations of Messrs. Ennen and Baty, that such awards were appropriate to reward such officers and other key employees for superior performance and to provide financial incentives for such officers and employees to continue to perform in a superior manner.

Compensation of the Chief Executive Officer

The Company's decisions regarding compensation of its Chief Executive Officer are guided by the same policies and considerations that govern compensation of the Company's other executive officers. Mr. Baty's salary was set at a level that the Committee determined was appropriate in light of the Company's performance.

Compliance with Internal Revenue Code Section 162(m)

Section 162(m) of the Internal Revenue Code of 1986, as amended, precludes any public corporation from taking a deduction for compensation in excess of \$1 million paid to its chief executive officer or any of its other executive officers. Certain performance-based compensation, however, is exempt from the deduction limit. No formal policy has been adopted by the Company with respect to minimizing the risk that compensation paid to its executive officers will exceed the deduction limit. The Company does not anticipate that any compensation paid to its executive officers in 2000 will exceed the limit imposed by Section 162(m).

Report On Option Repricing

On July 4, 1999, the Compensation Committee of the Board of Directors of the Company authorized the grant of new stock options to officers and employees holding stock options with exercise prices significantly in excess of the then current market price of the Common Stock of the Company. The grant of each replacement stock option was contingent upon the voluntary cancellation by the officer or employee of a previously granted stock option. The replacement stock options have an exercise price equal to the closing price of the stock on the date of the grant but are for a lesser number of shares than the surrendered options. On January 5, 2000, officers and employees of the Company voluntarily cancelled the previously granted stock options. The Named Executive Officers collectively surrendered stock options representing a total of 223,750 shares and collectively received replacement stock options representing a total of 89,500 shares. It was subsequently determined that the cancellation of these shares and the previous grant of shares on July 4, 1999 constituted a repricing of stock options. The Compensation Committee of the Board of Directors authorized the grant of such options, subject to the cancellation of the previously granted stock options, because it considered such action appropriate in order for the options to serve their intended use as incentives.

This is the responsibility of management and the independent auditors. Nor is it the duty of the Audit Committee to conduct investigations, resolve disagreements, if any, between management and the independent auditors or to assure compliance with laws and regulations.
